

Best Practice – 1

Title of the Practice	Eco-friendly Green Campus.
The Context	In the present time global warming and other environmental issues has become a serious matter of concern for our planet. To address this emergent situation we need to be eco friendly to save our planet and environment as well as making it a better place to live in. We must keep our surrounding green and eco-friendly to maintain a balanced ecosystem.
The Objectives	<ul style="list-style-type: none">• To maintain an eco-friendly green campus by regular plantation of trees.• To maintain a clean campus vulnerable to pollution free environment.• To aware the students and other people of this locality about the need of conserving our rich bio-diversity.
The Practice	<ul style="list-style-type: none">• The college undertakes Plantation Programmes almost every year before arriving regular monsoon in order to maintain an eco-friendly green campus.• To aware the students and people of this locality an Awareness Programme on ‘Conservation of Bio-diversity’ was organised on 15th Nov, 2014 at Buds Academy, Sorbhog by the extension education cell of the college.• To grow consciousness among the students and faculty the college also has initiated the process of conserving bio-diversity as the college has maintained a natural beel and two small fisheries.• For the promotion of Carbon neutrality the college authority has imposed restriction on movement of vehicles inside the campus except a few vehicles of faculties.• Proper garbage management mechanism has been taken up to keep the surroundings clean.• The College has also signed an MoU with a local IT firm for management of e-waste generated in the college campus.• The college authority keeps a strict vigil on the use of the various resources like electricity, water and makes a concerted effort in maintaining a healthy environment.
Advantages and Disadvantages	<ul style="list-style-type: none">• Creates a natural environment in the campus benefiting the surrounding areas also and send a

	<p>message regarding necessity of green environment and constant fight against pollution.</p> <ul style="list-style-type: none"> • Costly affair- monetary and real. Real cost arises when old trees are to be fell down at the time of new construction.
Obstacles faced, if any	<ul style="list-style-type: none"> • To address water scarcity during the non-monsoon season the plants are regularly irrigated. • To ensure sustained growth of the newly planted saplings bio-fertilisers are used.
Impact of the Practice	The eco-friendly environment of the campus can be witnessed by the greenery of the campus and water supply which depends on underground water throughout the year.
Resources Required	Financial input, students' participation, faculty advice and good management practices are required for maintenance of such an eco-friendly green campus.

Best Practice – 2

Title of the Practice	Ragging free campus
The Context	Ragging spoils the environment of the college, create gap between seniors and juniors, increase the crime in campuses and hence ragging is detrimental to well academic atmosphere. The Lyngdo Commission also strongly opposed the practice of ragging inside the college campus. Under this context, the Barnagar College, Sorbhog adopted strong measures for maintaining ragging free environment.
The Objectives	<ul style="list-style-type: none"> • Creating cordial relations among students for fulfilling organizational mission and objectives. • Creating awareness among students regarding how the self confidence of the individual influences the national interest.
The Practice	<ul style="list-style-type: none"> • Anti-ragging squads comprising of the Principal, Vice-Principal and senior faculty members have been formed to make surprise visits to very sensitive location within the campus and outside the campus. • Number of display boards giving detail descriptions of anti ragging activities, Supreme Court directives and penalty liable to be imposed on those involved in such activities have been displayed at various places within the campus.
Advantages and Disadvantages	Remarkable achievements have been achieved to make the campus Ragging Free. Gap between senior and junior students has been minimized which contributes for maintaining peace and harmony inside and outside the campus.
Obstacles faced, if any	No
Impact of the Practice	<ul style="list-style-type: none"> • Peace and tranquilities inside and outside the college campus have been maintained. • Students' attendance (fresh) has been increased. Their participation in the academic activities of the college has been praiseworthy.
Resources Required	It required minimum manpower resources. Money and material resources require was less than Rs.30,000/-.
